## #1842 A/B/C - Pooch Pot Water Dish

As seen on *The Tonight Show with Jay Leno*

Designed for small to medium sized dogs and virtually any cat, the Pooch Pot measures 10" tall, 12" deep and 7" wide.

Now your pet can have a refreshing drink of water any time of the day! The cool part about this is that the toilet bowl refills itself automatically as your pet drinks! It uses a typical 2-liter soda bottle so you can recycle some plastic too! Your pet and the planet will thank you for buying this mold! We know your pet likes to drink from the toilet anyway, so now he can do it all day long and still give you a big kiss when you come home!
